Professional Summary

Independent and motivated, curious and eager to expand my knowledge. I am seeking a position where I can apply the skills I have acquired during my studies and continue to learn. I see myself as a problem-solver, organized, and a quick learner.

Key Skills

Adobe Creative Cloud | HTML5 & CSS | JavaScript | CMS – WordPress, Episerver | React, React Native | Node.js | APIs | JSON | jQuery | Bootstrap | Agile/Scrum | Github | Figma

Professional Experience

UX design & Application developer – Internship, PowerMate Tech, Stockholm | February–May 2024

- Worked on UX design and application development, contributing to user-centred digital solutions.
- Supported the development process by improving usability, structure, and overall user experience.

Webpage and logotype development – Internship, Sylva Consulting, Jönköping | April–June 2023

- Worked on webpage development and logotype design, combining frontend and visual design skills.
- Created and refined digital design elements with a focus on clear, consistent, and user-friendly results.

Freelance Logotype designer | June 2021 – July 2023

- Designed custom logotypes based on clients' needs and visual identity requirements.
- Managed projects independently from initial concepts and revisions through to polished final designs.

Warehouse worker, Arla Foods, Jönköping | 2017 – present

- Handle daily warehouse tasks while following established procedures for accuracy, safety, and efficiency.
- Work collaboratively with colleagues to support smooth operations and timely completion of assigned tasks.
